### Instructions for ECE 9030 Registration

1. Students will be allowed to register in this course after completing at least 12 graduate credits with a B average.
2. Students who are on nonmatriculated status are not eligible for registration in this course.
3. Students are required to explore a topic of their interest with a faculty advisor before registration.
4. A copy of the approval form must be signed by the student, faculty advisor, and CHAIRPERSON.
5. This course must be completed within the time period of a semester. A digital copy (with final independent study approval form inserted) is required to receive a grade for this course.
